Gayatri Vidya Parishad College of Engineering Autonomous

Civil Engineering | Course Code: CE201

Surveying & Geomatics - Semester Exam Question Bank & Worked Solutions

Syllabus Focus: CE201 High-Yield Semester Exam Question Bank & Model Solutions

Summary: Comprehensive question bank with previous semester university examination questions, m

I. UNIT-BY-UNIT COMPREHENSIVE SYLLABUS CONTENT

Unit 1: Linear Measurements & Compass Surveying

" Syllabus Scope: Chain and tape surveying, Magnetic declination, Whole circle bearing vs reduced bearing

Unit 2: Levelling & Contouring

" Syllabus Scope: Differential levelling, Collimation and Rise-and-Fall computation methods, Reciprocal l

CE201: Surveying & Geomatics - Advanced Topics & Assessment

Academic Track: Civil Engineering - Units 3, 4, 5 & Examination Matrix

---

II. ADVANCED SYLLABUS UNITS (UNITS 3 TO 5)

Unit 3: Theodolite Traversing & Computation

" Vernier transit theodolite, Measurement of horizontal and vertical angles, Gale traverse table, Bowditch and

Unit 4: Curve Setting Horizontal & Vertical

" Circular and transition curves, Elements of simple curves, Setting out curves by offsets from chord produced

Unit 5: Modern Geomatics & Total Station

" Electronic Distance Measurement EDM, Total Station operations, Global Positioning System GPS/GNSS surveying,

III. HIGH-YIELD SEMESTER EXAM QUESTION BANK & SOLUTIONS

1. Reduce levels from given level book field readings using both Height of Instrument and Rise-and-Fall m
2. Calculate corrected latitudes and departures for a closed polygon traverse using Bowditch balancing me
3. Formulate the setting-out table for a simple circular curve of radius 300 m with 20 m chord increments

IV. PRESCRIBED TEXTBOOKS & REPOSITORY CITATIONS

* B.C. Punmia, Ashok Kumar Jain - Surveying Vol. I & II Laxmi Publications
* K.R. Arora - Surveying Vol. 1 & 2 Standard Book House
